

Dear Hiring Committee,

I am writing to express my strong interest in the position of **Staff Health Lead** with **Médecins Sans Frontières (MSF) in Bangladesh**. With a solid background in public health, occupational health, and healthcare management, along with a deep commitment to humanitarian principles, I am highly motivated to contribute to MSF's mission of providing quality medical and humanitarian assistance to vulnerable populations.

Throughout my professional career, I have been actively involved in planning, implementing, and overseeing staff health and well-being programs within healthcare and institutional settings. My experience includes preventive and curative healthcare services for staff, mental health and psychosocial support, infection prevention and control (IPC), workplace health and safety, medical confidentiality, and coordination with internal and external healthcare providers. I have also worked closely with HR, operations, and medical teams to ensure staff health policies are aligned with organizational standards and national guidelines.

I am particularly inspired by MSF's strong emphasis on duty of care, ethical medical practice, and staff welfare in complex and challenging environments. I believe my skills in risk assessment, health promotion, emergency response preparedness, and data-driven reporting would allow me to effectively support MSF teams and enhance staff health systems in both field and coordination-level operations.

In addition to my technical expertise, I bring strong interpersonal and leadership skills, enabling me to work effectively in multicultural teams and high-pressure humanitarian contexts. I am comfortable providing guidance, training, and support to staff at all levels while maintaining professionalism, empathy, and discretion.

I am eager for the opportunity to contribute my experience and dedication to MSF Bangladesh and to support the physical and mental well-being of staff who work tirelessly to serve people in need. I would welcome the opportunity to further discuss how my background and motivation align with MSF's values and operational needs.

Thank you very much for considering my application.

Yours Sincerely
Md. Jahidul Islam
