Memo. No: 57.03.0000.051.25.908.25-992 (1) **Date: 31 /03/2026**

Subject: 4th Cycle Approval of Industrial Skills Training Provider/Skills Training Provider along with Occupation & Level for providing Enterprise based Training proposed by Bangladesh Agro-Processors Association (BAPA)

Enterprise-Based Training (EBT) under the ASSET Project is an innovative, industry-driven training approach where skills development takes place directly at the premises of partner enterprises or industry partners (Industry Skills Council-ISC, Industry Associations-IA, Chambers of Commerce and Industries). This model enables trainees to gain hands-on experience in real work environments, guided by both industry experts and qualified TVET instructors.

2. By bridging academic learning with practical application, EBT ensures that trainees acquire job-ready competencies aligned with industry needs. Employers are actively engaged in training design, delivery, and assessment, thereby strengthening industry-institute linkages and enhancing employability in priority sectors. The ASSET Project provides training subsidies to substantially scale up such enterprise-based skills programs, improving youth employment and workforce productivity while ensuring inclusiveness for disadvantaged populations, including women, persons with disabilities, and ethnic minorities.

3. The following Industrial Skills Training Provider/Skills Training Provider proposed by **Bangladesh Agro-Processors Association (BAPA)** is approved by the competent authority for delivering Enterprise-Based Training under the conditions mentioned in the Operation Manual, Agreement, and this letter.
